

# CCM RECRUITMENT INTERNATIONAL

## OPERATING ROOM SKILLS CHECKLIST

NAME OF APPLICANT: \_\_\_\_\_

DATE: \_\_\_\_\_

<p><b>HOW TO COMPLETE THIS FORM:</b></p> <p>A thorough evaluation of your skill level in various specialty areas will enable us to locate assignments that are suitable to your skills and the needs of our patients. Please place an "X" in the box that most accurately describes your level of expertise for the skills listed.</p>	<p><b>LEVELS OF PROFICIENCY:</b></p> <p>A = Perform Well (at least one year of current experience, very comfortable performing without supervision)          B = Limited Experience (6-12 months, within the past two years)          C = Perform Infrequently (less than three months of experience)          D = No Experience (willing to learn)</p>
--	---

SKILL	Scrub Experience				Circulating Experience			
	A	B	C	D	A	B	C	D
<b>GENERAL SURGERY</b>								
Abdominal/Perineal								
Appendectomy (Adult-Pediatric)								
Breast Biopsy								
Cholecystectomy (Abdominal and Endoscopic)								
Colostomy/Ileostomy								
Esophagogastrectomy								
Gastrectomy								
Hemorrhoidectomy								
Hydatid Cyst								
Herniorrhaphy								
Hiatus Hernia - Abdominal								
- Thoracic								
Pancreatectomy								
Pilonidal Cyst								
Radical Mastectomy								
Splenectomy								
Thyroidectomy								
Vagotomy								
Hickman - Broviac Insertion								
Roux-N-Y or Biliary Bypass								
Bowel Resection								
Pyloroplasty								
Gastrostomy								
Porto-Caval Shunt								
Liver Transplant								
Liver Resections								
Chole-Laparoscopy								
Percutaneous - endoscopic feeding gastrostomy								
Liver Biopsy								
Tenkhoff catheter insertion								
Vein ligation								
Whipple procedure								
Adrenalectomy								
Sigmoidoscopy								
Anterior resection								
Fistulectomy								
Recto-vaginal fistula repair								
Rectal prolapse repair								
Anal sphincter repair								
Thorocotomy								

SKILL	Scrub Experience				Circulating Experience			
	A	B	C	D	A	B	C	D
<b>GYNE</b>								
Cesarean Section								
D & C								
Hysterectomy, Abdominal								
Hysterectomy, Vaginal								
Laparoscopy (for diagnosis & adhesionlysis/ovarian drilling)								
Hysteroscopy								
Cesium Insertion/Selectron								
Shirodkar Suture/cervical cerclage								
Tubal Ligation – open/laprosopic								
Tubal Microsurgery								
Vulvectomy								
Anterior repair								
Posterior repair								
Ovarian cystectomy								
Laser ablation cervical tissue – CO <sub>2</sub> laser								
Cone Biopsy								
<b>UROLOGY</b>								
Cystoscopy +/- JJ Stent								
Cystoscopy +/- fulguration of valves								
Urethroscopy +/- bladder neck incision								
Transurethral resection, prostate								
Transurethral resection, bladder tumor								
Ureteroscopy +/- ureteric dilation								
Cystolitholapaxy								
Lithotripsy:								
Electrohydraulic (EHL)								
Ultrasonic								
ESWL								
Circumcision								
Hypospadias repair								
Epispadias repair								
Orchiopexy								
Orchiectomy +/- testicular implant								
Urethroplasty:								
Transpubic								
Penoscrotal								
Vasectomy								
Vasopididymal anastomosis								
Vasovasostomy								
Microsurgical Epididymal Sperm Aspiration (MESA)								
Testicular biopsy								
Insertion penile prosthesis								
Insertion artificial urethral sphincter								
Kidney transplant								
Neprectomy:								
Radical								
Living donor and/or cadaver								
Radical cystectomy +/- urethrectomy with cutaneous ureterostomy								
Open prostatectomy								
Cystostomy +/- cystolithotomy								
Nephrostomy +/- nephrolithotomy								
Pyeloplasty								

SKILL	Scrub Experience				Circulating Experience			
	A	B	C	D	A	B	C	D
Cystectomy with urinary diversion (continent and/or incontinent)								
Bladder augmentation								
Bladder reconstruction								
Genital reconstruction								
A-V fistula creation								
Goretex graft insertion								
Insertion vascular access catheter								
<b>THORACIC</b>								
Lobectomy								
Pericardial Window								
Rib Resection								
Trans-thoracic Diaphragmatic Herniorrhaphy								
Tracheal Resection								
Lung Biopsy								
Thoracoscopy								
Pectus excavatum repair								
<b>PEDIATRIC</b>								
Orchiopexy								
Wilms' Tumor								
Bowel Resection								
Colostomy								
Thoracotomy								
Hickman/Infusaport/Tenckhoff								
Pyloroplasty								
Resection Bladder								
Renal Biopsy								
Genital Reconstructon								
Bladder Reconstruction								
CIRC - Plastibell								
- Surgical								
Augmentation Cystoplasty								
T.E. Fistula Repair								
Kasai for Biliary Atresia								
Post Sagittal ano-rectoplasty								
Thoracoscopy +/- biopsy								
Laparoscopic chole/splenectomy								
Cloacal repair								
Esophageal atresia repair								
Esophageal replacement – gastric/colonic interposition								
Liver resection								
Partial/total nephrectomy								
<b>VASCULAR</b>								
Aortic Aneurysm								
Aorta-Femoral By-pass								
Endarterectomy - Carotid								
Femoral - Popliteal By-pass								
Gortex Graft								
Thoracic Aneurysm								
Trans-axillary first rib resection								
Vein stripping								

SKILL	Scrub Experience				Circulating Experience			
	A	B	C	D	A	B	C	D
<b>CARDIAC</b>								
Open Heart - Pediatric								
ASD								
VSD								
PDA LIGATION								
BT SHUNT								
TOF Complex Congenital Cases								
Arterial Switch: Truncus Arteriosis								
Glen Shunts								
P.A. banding								
Vascular Ring								
Central shunts								
Fontan procedure								
AVSD								
Aortic interruption								
Atrial septectomy								
Open Heart – Adult								
(IMA) CABG								
AVR								
MVR/TVR								
Pacemaker insertion								
Heart Transplant								
Ross procedures								
Bentall Procedures								
Minimally invasive CABG								
CABG – pump standby								
<b>NEURO</b>								
Craniotomy for tumor removal								
Frontal and parietal								
Temporal								
Posterior fossa/sub-occipital								
Craniotomy, compass frameless guided stereotactic								
Craniotomy/Burr hole leksell stereotactic guided biopsy								
Craniotomy for aneurysm clipping								
Craniotomy for repair/closure of CSF leak								
Craniotomy/Burr hole, 3 <sup>rd</sup> ventricular endoscopy								
Cranioplasty/cranial vault advancement and reconstruction								
Burr hole for subdural hematoma								
Transphenoidal excision of pituitary tumor								
Ventriculo-peritoneal shunt:								
Insertion of								
Removal of								
Revision of								
Lumbo-peritoneal shunt:								
Insertion of								
Removal of								
Revision of								
Ommaya reservoir insertion								
Laminectomy, decompression, fusion								
Discectomy, micro								
Anterior cervical fusion								
Cranio-cervical fusion								
Repair/closure of myelomeningocele								
Corpal tunnel release								

SKILL	Scrub Experience				Circulating Experience			
	A	B	C	D	A	B	C	D
Halo traction/Gardner Wells application								
<b>ENDODONTIC</b>								
Fractured Jaw								
Mandibulectomy								
T.M.J. Arthroplasty								
<b>ORTHOPEDIC</b>								
A-O Fixation Plate & Screws								
Amputation								
Arthroscopy/ACL Repairs								
Bunionectomy								
Hip - Total Replacement								
- DHS (Dynamic Hip Screw)								
Total knee replacement								
Shoulder replacement								
Spinal Fusion								
Osteotomy – various								
Anterior Spine Fusion +/- Dwyer Instrumentation								
I.M. Nailing								
Triple Arthrodesis								
Chiari/Salter Osteotomy								
Vascularised Grafts								
Limb Salvage for bone tumors								
Midas Rex Drill (Certification required)								
Disectomy								
Brachial plexus repair								
Tendon grafts – hand and foot								
Club foot release								
<b>PLASTIC</b>								
Abdominoplasty								
Augmentation/Reduction Mammoplasty								
Blepharoplasty								
Cleft Lip, Palate Repair								
Rhytidectomy								
Pedicle Grafts								
Rhinoplasty								
Scar Revisions								
Lipo Suction								
Tissue Expanders								
Skin Grafting								
Microvascular flap procedures								
Ear reconstruction/otoplasty								
Syndactyly release								
<b>ENT</b>								
Adenoidectomy								
Functional Endoscopic Sinus Surgery								
Antrostomy								
Endoscopy								
Caldwell-Luc								
T-Tube insertion								
Repair Tracheo-Esophageal Fistula								
Glossectomy								
Laryngectomy								
Laryngo-Tracheoplasty with Rib Graft or Stent								
Mastoidectomy								

SKILL	Scrub Experience				Circulating Experience			
	A	B	C	D	A	B	C	D
Myringotomy								
Pharyngeal Flap								
Radical Neck Dissection								
Rhinoplasty								
Stapedectomy								
Submucous Resection								
Tonsillectomy								
Tracheostomy								
Tympanoplasty								
Nasal Pharyngeal Biopsy								
Facial Nerve Decompression								
Sinus Wash Out								
Laser								
Vocal cords								
Glossectomy								
Polypectomy								
Hemi-Mandibulectomy with Myocutaneous Flap								
Orbital Exenteration								
Frontal Sinus Obliteration								
Laryngectomy with Gastric pull-through								
External ethmoidectomy								
Mandibulectomy with AO plate/prosthesis/ reconstruction/wiring								
<b>EYE</b>								
Vitrectomy								
Cataract Aspiration with Phaco Prestige Machine								
Cataract Extraction								
Dacryocystorhinostomy								
Ectropion								
Entropion								
Enucleation								
Iridectomy								
Orbital Blowout								
Pterygium								
Recession and Resection								
Trabeculectomy or Trabeculotomy								
Lachrimal Probing								
Laser (Diode)
